

ESAM Design (*Ecole Supérieure des Arts Modernes*), a private institution for technical higher education, has put all its effort into training students, whether young or mature adults, for over sixty years.

Within a friendly environment of mutual partnership, the school offers an education in the essential methods used in the professional world and a place where students' full creative and academic potential can flourish.

After a Foundation Year, during which students become familiar with the world of Applied Arts, students opt for a 3 or 5 year course to learn about the diverse aspects of Visual Communications or Interior Design.

The key word 'creativity' links all their future careers. This, more than a vague sentiment or feeling linked to the inspiration of the moment, is about acquiring a state of mind constantly tuning in to cultural settings, seeking personal expression and brimming over with ideas...

# ECTS Guide for Incoming Erasmus Students

## 2017/2018

The Interior Design course leads to professions concerned with improving the quality of living conditions and maintaining a sustainable environment.

At the end of the 3<sup>rd</sup> Year, a student acquires the Bachelor in Interior Design by obtaining a pass mark given in each subject and by the final jury.

During the 5<sup>th</sup> Year, a final year of further study in the subject of the diploma, students research and produce a personal design project in either Commercial or Interior Design, finalizing their past 4 years of study. This is presented before a jury made up of professionals in the field of design, to obtain the Certificate in Interior Design, Level II in the Répertoire National des Certifications Professionnelles (RNCP).

ESAM Design is a member of the Conseil Français des Architectes d'Intérieur (CFAI) and has the Certificate for Level II on the Répertoire National des Certifications professionnelles (RNCP)

FIRST YEAR: Erasmus exchanges are not possible during the foundation course

## SECOND YEAR OF INTERIOR DESIGN
